

# VISTA FIXED & MANUAL IRIS

## RANGE OF PROFESSIONAL LENSES

### IDEAL FOR APPLICATIONS SUCH AS:

- Retail outlets
- Office complexes
- Factories
- Any application with constant lighting

### MAIN FEATURES:

- Colour corrected optics
- Manual Iris
- Fixed iris
- 1/2" & 1/3" formats

### EXCELLENT IMAGE QUALITY FOR INDOOR APPLICATIONS

Vista is proud to offer a superior range of tried and tested manual, and fixed iris, lenses.

Offering the most cost effective solution for indoor installation surveillance, these ranges of lens offer exceptional performance for installations where lighting conditions are not subject to extreme variables.

Being particularly popular with installers who favour electronic iris (EI) camera technology, Vista manual and fixed iris lenses can be found in many important installations worldwide.

A range of Varifocal lenses are also available from Vista.
