

Environmental statement

Christie Intruder Alarms Ltd recognises the need for sustainable development and continually aims to improve the environmental effect of its activities. To achieve this we will: -

Establish sound environmental management by: -

- Meeting or improving upon relevant legislative, regulatory and environmental codes of practice.
- Developing objectives that target environmental improvements and monitor performance by regular review.
- Considering any environmental issues in the decision-making process.
- Developing a relationship with suppliers and contractors so that we all recognise our environmental responsibilities.
- Educating employees so that they carry out their activities in an environmentally responsible manner.

Provide for the effective use of resources by: -

- Promoting waste minimisation by recycling or finding other uses of by-products whenever economically viable.
- Promoting the efficient use of resources, energy and fuel throughout the company's operations.

Co-operate with: -

- The communities in which we operate.
- The government, regulatory bodies and other interested parties with the shared vision of being a good and trusted neighbour.

The company rules regarding the treatment of waste are:

1. Waste products are to be removed from site only by operatives working on behalf of Christie Intruder Alarms Ltd
2. Waste products shall be removed from the work area to skips provided by the main contractor.

The company rules regarding the treatment of asbestos and hazardous waste are:

All operatives shall on suspecting the presence of asbestos or waste deemed hazardous to health, immediately report it to the site supervisor and head office. No works shall be carried out within the affected area until the area is confirmed as clear.
