Vehicle Crime

Vehicle crime makes up almost a third of all reported crime. Commercial vehicle owners can be even harder hit; a stolen van or taken content can have a devastating affect on an ability to make a living.

The ease with which thieves can make off with vehicles has been proven in tests that it can be done within 30 seconds. Theft of tools or work equipment can mean a business grinds to a halt. And no business means no income.

With over 25 years proven technology within automotive arena, Mul-T-Lock® has enhanced its offering to provide a new ultra high security solution, purpose built for vans, to combat current commercial vehicle crime.

Introducing Mul-T-Lock® ArmaDlock™

Mul-T-Lock® ArmaDlock™ is a unique lock design, available to bolt onto the surface of any van side or rear door, as a high performance security device and significant visual deterrent. Supplied with double sided keys and key code I.D. card.

Keyed Alike

Mul-T-Lock® ArmaDlock™ can be keyed alike. This means if you have two or more installed on your van, they can be configured to allow you operate them using the same key for all locks.

Master Keyed

For fleet operators, the locks can be master keyed with each van having its own key, yet fleet managers having a key, which can open a batch of vehicles or all vehicles if desired.

Mul-T-Lock® ArmaDlock™ Features and Benefits:

- Unique strong designs for rear doors and side doors.
- All in one security with physical lock mechanism located within system body.
- Non-corrosive lock body with no hanging parts that can damage the vehicle bodywork.
- Unique body design to deflect hammer blows.
- Solid steel locking bolt.
- Integral cylinder mechanism dust cover to prevent ingress from road grime and environmental debris.
- Easy to use, key to open and push button to lock.
- Suitable for all van side and rear doors (excludes drivers and passenger doors).
- Unique rear door lock design to resist "prising" attack.

Professional Installations

Mul-T-Lock® ArmaDlock™ is supplied with secure fixings and dedicated body gaskets delivering the right tools for a professional installation to provide the ultimate peace of mind for van owners.
